

Energize New Haven!

Join our movement to help save the planet by saving money in your home through energy efficiency strategies provided to you through this campaign.

Equip yourself with the worksheet!

Make the changes and use the cash you save to make a donation or spend how you like! Then tell your friends to join the campaign too!

Walk around your home and, using your worksheet, log ways to save energy.

Use the worksheet to calculate your savings based off of what changes you can make in your home.

To join the campaign

please go to www.elmenergyproject.org

and click "Energy Fundraising Challenge" from the menu bar to get started! Then give yourself a pat on the back for becoming a key player in fighting climate change - the most important issue of our time!
